

# 2023 OSHC VACATION CARE PROGRAM

Hi! I'm George, but to the kids at school I'm known as MRS MAC.

Artlet began in 2019 with a vision of using creativity to support and strengthen the social and emotional development, wellbeing and learning of young people.

My team and I facilitate creative workshops, incursions, programs and parties to local primary schools, OSHC providers, Early Childhood facilities and also privately.

I'm a fully registered primary school teacher with over 15 years teaching and working experiences across Art and Design education, online learning, graphic design and media in Brisbane and London.

Our creative team includes fellow teachers, artists and teaching assistants, all with current Blue Cards.

Book your 2023 incursions via our website or QR below!

## AT THE CORE OF ALL OUR PROGRAMS IS SELF-DEVELOPMENT, SELF-REFLECTION AND SELF-LOVE.

More than 'just an art class', our workshops and incursions are purposefully designed around art processes, play and exploration to strengthen resilience, build confidence and release external stressors. All of us at Artlet are passionate about facilitating creative learning experiences that nurture and develop the wellbeing and social and emotional capabilities of all children.

**\$18 PER CHILD**

**2 HOUR WORKSHOPS**

# 2023 ARTLET OSHC INCURSIONS

Artlet incursions are organised around their media focus to help you choose as we know little creators like exploring a range of materials and tools! Use this QR code to book on our website:

## DRAWING

BRUSH LETTERING BOSSES DIY ILLUSTRATED AVATARS

Master the art of brush BRUSH PEN tolettering - a skill you'll use forever. Receive your own keep too!

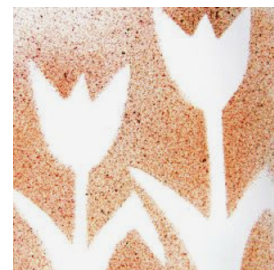

Get up close and personal with our own reflections and features as we learn to draw our very own (cute) avatars!

## PAINTING

WATERCOLOUR WIND DOWN SILHOUETTE SPRAY BAGS

Relax and let go as we explore watercolour paint and design bespoke folders. Peeling the tape off is also a bonus!

"Cool bag" everyone will say as they spot your colourful, personalised pump sprayed bag that we make today.

## CLAY

HAND MADE HAND BOWLS POLYMER PORTRAIT PALS

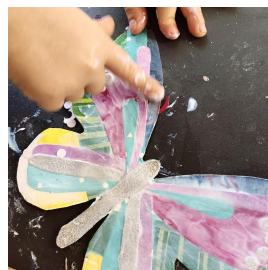

This hands-on workshop will have you hand-making your own hand trinket dishes. How handy!

You may have painted or drawn your portrait before, but have you ever MADE your own face?! Let's do it!

## TEXTILES

COLLAGED CREATURES CUSTOMISED KEYRINGS\*

Experiment with collage and paper art techniques using pre-painted papers to design creatures like Eric Carle!

Design, cut, assemble your own tassel keyrings. Add it to your existing school bag collection! (\*Hot glued by us!)

## PRINTING

DIY STAMPS AND PRINTS POLY PRINTED PATTERNS

Using collagraph techniques, build your own foam stamps which can be used over and over again to use for gifts!

Cut and press polystyrene tiles and print your designs onto gift bags. Keep your printing block to use again!

## CONSTRUCTION

CARDBOARD CONSTRUCTION TAPED SCULPTURES

Get ready for a whole lot of cutting, gluing and paper construction as we explore and build fun faces.

Scrunch and tape your very own 3D sculptures which can be later decorated.
